COMPANY PROFILE IN BRIEF

We are committed to providing excellence at all levels of production

Established in 2004 SAMS which means flawless service up till the end consumption/ usage embraces the spirit of global trade. The company is dedicated to excellence in merchandising, product development, logistic and production. We are going to earn a reputation throughout the global apparel industry as one of the top most factories in Bangladesh for our commitment to quality, timely delivery and total value. Through our extensive sourcing network, we have the ability to effectively procure the best materials. Our customers can rely on us to deliver the best quality products and super service which enables them to successfully compete in the emerging market place. SAMS has a wide range of product development capabilities. We utilize progressive tools as CAD-CAM to meet specific price points and achieve quality. Our management team has an extensive understanding of the needs of companies in the west as well as production capabilities of firms in the East, making overseas sourcing easier. SAMS Company, known as the "SAMS family," focuses entirely on the clothing industry. The production unit and marketing-sourcing-quality control units are in Dhaka, Bangladesh. The plants have plan to introduce modern machines for total production capacity of between 41500 to 46000 dozens garments per month depending on items and style, Our 2400 members of production management team are dedicated to achieving our client's production goals.

WE WELCOME ALL OUR PROSPECTIVE CUSTOMERS TO VISIT AND EVALUATE OUR FACTORIES FIRSTHAND.

COMMITMENT TO EMPLOYEES

The company has a progressive management team and provides wage and benefit programs that meet the standard set by international agencies and exceed the nation minimums. SAMS is among the first companies in Bangladesh is going to implement innovative employee ownership, profit sharing and health care. It recognizes that health, safety and worker morale are keystones in attaining the capability to produce high apparel.

The factory house is a compliant building and we provide an excellent work environment that includes sanitation, ventilation and natural lighting. SAMS believes in education and provides all employees with free health, hygiene, education program and medical. Benefits include access to staff doctors, medicine and a women's health clinic sponsored by an international NGO. Safety program and routine drill have provided that the facilities and employees are capable of dealing with emergencies with more efficiency than required by international agencies. In terms of compliance and customer requirements, SAMS has always been proactive in taking care of its own family and outside encouragement has never been necessary.

We are giving the following benefits to the workers:

- Festival bonus
- Performance bonus
- Full time doctor
- Full time nurse
- Free medicine supply
- Welfare fund
- Blood donation scheme
- Cultural program scheme
- Group Insurance
- Worker's savings scheme
- Transportation facilities
